Opis produktu

In Hindu or Yogic traditions, mahasamadhi, the great and final samadhi, is the act of consciously and intentionally leaving one's body at the moment of death. According to this belief, a realized and liberated yogi or yogini who has attained the state of nirvikalpa samadhi can consciously exit from their body and attain enlightenment at the moment of death while in a deep, conscious meditative state
The album Mahasamadhi is the result of a collaboration between two artists; Tomasz Borowski, who performs under the alias Fomalhaut, and Ben Powell, known for his dark ambient project Llyn Y Cwn.

The material was created by Ben based on tracks provided by Tomasz to convey to show the listener what they think it can look like to reach the state of mahasamadhi, the music is intentionally meditative and trance like.

Do not seek Mahasamadhi as an end to your suffering. To seek Mahasamadhi means to see
how to evolve life to another dimension.
