## Opis produktu

INFAMIS TENEBRE’s debut album is an innovative musical experiment, rooted in the stylistics of dungeon synth. The characteristic, dark, and epic passages, crafted by Infamis, break genre barriers,combining distant associations: melodic vocals and poetry. Thus, a new term for the style of INFAMIS TENEBRE has emerged: Dungeon Chant Music, as the effect goes far beyond the traditional boundaries of the genre. “Widma” (Spectres) is an enchanting journey to archaic times, where the perception of native shamans and witches extended beyond ordinary reality and returned to it; along the way, it reached such spiritual heights that it takes one’s breath away. Mysterious keyboard passages combined with unconventional poetry, embedded in catchy vocals, aim to guide the listener to such places of the mind that one never even dreamed of. one can discover in life. “Widma” is their compass, map, and path.
