Opis produktu

Unveiled Lights - The Italians Nimh and Onasander (Giuseppe Verticchio and Maurizio Landini, artists who have both been active for more than twenty years and are the owners of various projects with dozens of CDs published behind them) have joined forces to put together the present ‘Unveiled Lights’. An atmospheric, driving, obscure and profound album, among whose elaborate sound textures emerge at times faint glimmers of light, desolate landscapes, subliminal melodies, ambient sounds, distant voices, electric buzzes, pulsations, reverberated guitar notes, slow evolutions, progressive sound ‘crescendos’... A sort of long journey between ambient obscurities and moderate experimentation, with a profoundly cinematic and deeply evocative character.
